The closing exercises of St. Anthony's School will be held at the Parish Hall, D'Amis, Sunday evening, June 2. A delightful program of vocal and instrumental music, playlet, recitations, drills, etc., will be rendered. A small admission fee to pay the expenses incident to the closing of the school, will be charged for admission into the hall. This will afford an admirable place for our people to while away a pleasant hour Sunday evening.
With the aid of Mr. L. J. Schmidt the Anvil Herald force slipped one over the Food Administrator this week. Thursday afternoon Mr. Schmidt brought into this office a liberal quantity of mounting ears, and as this is one article of food that has not as yet fallen under the ban as to quantity we expect Hoover would have been charged high with this fruit of the farm following Mr. Schmidt's visit. He said he had about 75 acres of corn in the mounting ear state of development and he is one Medina county farmer who knows where his bread is coming from another year. Many thanks, Mr. Schmidt.
Memorial Day was observed here by a complete suspension of business, every business house that could possibly do so closing for the day. Every church having a resident pastor was filled with the largest congregations that have assembled for many a day, members of churches having no resident pastors worshipping with other denominations. The services consisted of songs, prayers, addresses appealing to the people to live lives more in keeping with the teachings of the Bible, reading a list of the names of the soldiers who lived in the vicinity of Hondo who are now in the army and navy, etc. An unusual spirit of seriousness seemed to pervade the large congregations and there is but little doubt that the services will result in many people living lives more in keeping with the Divine will than has been their custom heretofore.

Hon. Fletcher Davis Addresses Farmers Here Monday Afternoon.

Hon. Fletcher Davis, representing the State Department of Agriculture, addressed a number of people at the Alamo Theatre on Monday afternoon. Owing to the great demand of help in the fields there were many farmers absent, but those who were present certainly were paid for coming.

Mr. Davis spoke in part as follows: The subject that is uppermost in the minds of the people today is this world wide war in which we are now engaged.

It is right and proper that this should be so.

No matter what your opinion of mine may have been as to the justness of our quarrel or the timeliness of our entrance into the conflict, the die is cast and there should be but one thought and one purpose dominating the minds and animating the hands of the American people.

That thought and that purpose is how to win this war and how to win it as quickly as possible.

Upon its issue depends the liberties for which our fathers bled.

We will either see our people a disarmed and vanquished people, and a garrison of German soldiers placed in every military post in the land and our country paying tribute to a modern Caesar; or we will see the Divine right of kings dethroned and enthroned in its place the Divine right of the people to rule—the 'world made safe for Democracy'.

There can be no other denouement!

We must accept the gauge of battle! We must be content to lose all that freemen cherish or we must battle for it as only freemen can fight!

At the first outbreak of the war it was the opinion of military critics that victory would come to the side with the preponderance of men.

Then the deadly work of the modern implements of warfare began to demonstrate their ghastly powers of destruction and critics began to believe that the issue would be in favor of the side with the most destructive guns and the biggest supply of ammunition.

But nearly four years of conflict, with its alarming drain upon the manpower of productive enterprise—particularly agriculture—is convincing thoughtful people that victory must ultimately perch upon the banners of that people that can feed itself the longest.

So, with all due respect and honor for the prowess and the valor of our boys in khaki, I am constrained to believe that victory in this contest will not belong to the heaviest battalions or to the biggest guns, but to the biggest and best filled bread-basket; that this war will be won or lost not on the firing line in France or Germany, but upon the farms of America.

So, with the farms of this country holding the fate of nations in the balance there is a need such as never existed before for more efficiency on the farm.

This is emphasized all the more by the handicaps of labor shortage, shortage of horse power, high priced implements and machinery, a scarcity of commercial fertilizers, etc., with which we are afflicted at this critical time.

In spite of these manifold difficulties, the American farm must speed up on production as it never did before; the American people must conserve on their food supply as they never have before.

These desired ends can only be achieved through a better understanding and a better concert of action all along the line.

National Efficiency must come through organization and co-operation.

And while it has taken this terrible war and the stimulus of a common danger to give us a new and broader conception of the needs of organization for the promotion of efficiency, wise and far-seeing statesmen were not blind to it in the past.

Seeing that agricultural production was not keeping pace with consumption, seeing our urban population becoming more congested while our rural population was being rapidly transformed into a tenant class, and realizing that the great industry of Agriculture was not enjoying that prosperity so essential to assure the future welfare of our country, the Department of Agriculture was created to administer the laws pertaining to agriculture and in every way possible promote the welfare of that industry.

The State Department of Agriculture is one of the co-ordinate departments of the executive branch of our State Government.

Therefore, its duties are peculiarly administrative and constructive.

And when the voice of the people as expressed by their ballots, called the present incumbent, Commissioner Fred W. Davis, up from his farm to serve them in the capacity of head of that great Department, they called a man who is not only administering the laws that come under his jurisdiction without fear or favor, but is bending every energy and employing every facility at his command for the up-building of the agricultural interests of the state.

The administration of all laws pertaining to agriculture, the administration of which is not specially provided for, falls under the jurisdiction of this Department.

It would be a needless task to here enumerate all of the means employed to promote the welfare of our Agricultural interests.

Briefly let it be said that a number of experts are employed whose duties are to give expert advice and assistance to farmers along their special lines.

As far as the means provided will permit, bulletins are published and educational leaflets are prepared, dealing with all manner of farm problems.

These are for free distribution among the people at their request for the same, and in this way the services of the Department's experts are carried to many who can not be reached in person.

But transcending in importance, in my judgment, all of the other activities of the Department is the work of the Farmers' Institutes.

It is the instrument by which the Department breathes the breath of life into the dry bones of a disorganized agricultural body politic and makes it spring into life and activity—that life and activity that is destined eventually to bring the industry of agriculture into its own rightful heritage of prosperity and respect.

It is the instrument by which the Department breathes the breath of life into the dry bones of a disorganized agricultural body politic and makes it spring into life and activity—that life and activity that is destined eventually to bring the industry of agriculture into its own rightful heritage of prosperity and respect.

The law which created the Department of Agriculture made it one of the specific duties of the Commissioner to cause to be held community assemblies and where wanted organize permanent community organizations denominated Farmer's Institutes.

It is in obedience to that mandatory statute of our State that I am here.

The Farmer's Institute is, then, a community organization for the membership of the whole people.

It is three-fold in its mission—social, educational and financial.

It is social in that it brings people together in friendly intercourse and promotes a better acquaintanceship one with the other.

It is educational in that it brings people together for the purpose of a mutual study of agricultural and community problems.

Being a free public forum, it affords every one an opportunity to give expression to the knowledge acquired by experience or observation and thus impart good and wholesome instruction to less well informed brethren.

In this way everyone can become a teacher of some one.

And every one who has an open mind can learn something—for no one knows it all.

The Farmers' Institute thus becomes, as it were, a great free-school in which all are teachers and all are pupils.

And the Department of Agriculture, through the medium of its free literature, furnishes free text-books to all of the pupils who will avail themselves of the privileges of this great free-school system.

Then, as education and a closer social relationship grows, numerous means of mutual co-operation will suggest themselves whereby the people may individually and collectively prosper in a financial way.

And in this way the Farmers' Institute may be made one of the most powerful business factors in any community.

The activities of a Farmers' Institute at this time of national peril then would resolve into three co-ordinate lines.

1. How to produce as rapidly, as largely and as economically as possible those things vitally necessary to the sustenance of our army and our people while we are waging this awful struggle for our national existence.

2. How to conserve and utilize to the best advantage possible the products of our toil and to eliminate waste.

3. And how to co-operate with each other in doing both, that every thing may be done in the most efficient manner.

So shall organization and co-operation for efficiency in many little things make for National efficiency in the aggregate.—Granger News, May 9th.

THE UNIVERSAL CAR

Like the regular Ford cars the Ford Model T One-Ton Truck is a real farm necessity, just as it is the necessity of manufacturer, contractor and merchant. There is no question about it proving a money-saver right from the start. It is flexible, turning in a 48-foot circle; has 124-inch wheel base; the regular Ford motor worm drive—and has proven as economical in operation and maintenance as the Ford Touring Car. The price of the truck chassis is \$600 f. o. b. Detroit. We urge placing orders without delay in order to get reasonably fair delivery. The demand is big—come in and let us talk it over.

NEW U. S. RULES ON COMMERCIAL FISHING GIVEN

Local Restrictions Generally Removed; Seining Authorized Without Regard to State's Closed Season.

With the new rules and regulations governing the Fish Industry of America, guaranteeing freedom of movement and production to the fisherman and the distributor, and lifting many restrictions and hardships which served to paralyze the industry, Texas should from now on have an abundance of good sea-food at a reasonable price.

All distributors have been notified by Administrator Peden to submit at once a schedule of costs and quantities of fish handled. Every effort is to be put forth to secure a stabilization of prices and to free the market of the speculative influences which too frequently made Texas fish cheaper in St. Louis and Kansas City than in San Antonio or Dallas.

All dealers and all fishermen are required under the rules and regulations to have license, which may be secured from the License Division at Washington free of cost. Failure to comply with the rules and regulations, or proof of speculation, eliminates automatically the fish dealer or fisherman from the field of fish production.

Dealers are required to submit address and change of address; to make reports under oath when requested; to be prepared at all time for inspection; to eliminate all waste, or suffer penalization if they fail to do so; they are forbidden to enter into fishing arrangements with persons or firms not holding license; only wholesome seafood will be shipped; containers not full must be so labeled; willful violation of contracts are forbidden; every effort must be put forth to market all seafood taken; damage to gear and equipment is forbidden.

The Federal law replaces the State law with the one exception: fishing is not to be followed by the use of seines at channels connecting one body of water with another. All persons fishing and selling fish must be licensed.

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and 1.00 per bottle. Sold by W. H. STRAIGHTFORWARD TESTIMONY.

Many Hondo Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 50,000 people. Your neighbors recommend this remedy—have proved its merits in many tests. Hondo readers should take fresh courage in the straightforward testimony of a Hondo citizen.

Mrs. K. Wantz says: "My kidneys were disordered for some time. I had a dull, boring-down pain in the small of my back which steadily grew worse and it hurt me to stoop or straighten. I read of Doan's Kidney Pills and procured a box at the Martin Drug Co. They gave me relief right away and did me a lot of good in every way. I don't hesitate to say a good word for Doan's and to recommend them to other kidney sufferers."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-McIlburn Co., Mfgs., Buffalo, N. Y.

If you "feel blue," "no account," "lazy," you need a good cleaning out. HERBINE is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 50c. Sold by W. H. Windrow.

Announcement.

The Nazarene Meeting embracing the 2nd, 3rd and 4th Sundays in June will, D. V., be lead by Mrs. Beattie Williams, the pastor. The public is cordially invited and God's children are earnestly urged to attend and heartily co-operate in the continuation of a revival of old time religion. Let everybody come.

J. T. HORGER.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by W. H. Windrow.

LICENSED BAKERS TO FILE WEEKLY REPORTS.

All licensed bakers after May 11 are required to make up weekly reports and submit to the Federal Food Administration for the State of Texas.

Following the report inspections are to be made, the purpose being to make the baker realize he must obey the regulations; to record consumption of wheat flour, substitutes, sugar and shortening; to record production of bread and rolls, and to show hoarding of wheat flour, sugar and shortening.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

\$500.00 Reward.

I will pay the above reward for the arrest and conviction of the party or parties who are stealing my steers.

Quihi Notes

May 24, 1918.

The picnic and dance at the Quihi Gun Club was well attended last Sunday, the best shot for prize shooting was made by Frank Westfall, the Hondo blacksmith.

Rev. and Mrs. A. Beteit and daughter visited And. Schuehle and family Wednesday.

Messrs. Jul. and Ernest Grell, H. J. Aden and Walter Brucks left Saturday for Tarpley, where they attended a dance. They returned Sunday eve, smiling "all over".

Mr. and Mrs. Willie Tampke and son, Frank, Misses Maudy and Lily Tampke of Utopia were visiting relatives and friends here Saturday. They also took in the picnic and dance Sunday and returned home Monday.

A wedding party was given to Mr. and Mrs. Walter Winkler at the home of J. S. Saathoff and family Tuesday night, which was well attended, all kinds of games were played, till one o'clock, when everybody went home, hoping to have another such party soon.

Mr. and Mrs. D. G. Reitzer and son, Vesley, visited San Antonio Tuesday and Wednesday.

Mrs. Geo. Boehle and baby visited homefolks at Dunlay Wednesday.

H. J. Aden, Jul. Grell, Walter Brucks, Otto Schmidt and A. O. Brucks took in the dance at Castroville Monday night.

Our blacksmith E. A. Balzen is "enjoying" a case of mumps this week; we hope he will get over it soon.

Robert Breiten who was at home for a 30 days furlough will return to Camp Travis Friday night.

Miss Lisetta Boehle of Hondo was at home Sunday for the picnic and dance.

Misses Lina and Minna Graff and brother, Walter, took in the dance here Sunday night.

H. G. Boehle was over at Dunlay, Biry and Elstone Tuesday, buying yearlings.

Mr. and Mrs. Walter Winkler left Wednesday morning for San Antonio, where the young man is engaged in a butcher shop.

Aug. Leinweber and sisters, Misses Helen and Hulda, and Albert Saathoff and sister, Miss Christina, were here for the party Tuesday night.

H. J. Boehle, Jul. Grell, Walter Brucks, H. S. Aden and Judge M. Schorobyn of here, Jno. G. Bohlen, Robert Breiten and J. H. Steinle, of Dunlay, enjoyed a truck ride to some point east Friday night.

Walter Britsch of Bandera enjoyed the dance here Sunday night.

J. H. Horn and wife were the guests of Rev. Aug. Beteit and family Wednesday eve.

Walter Graff is spending this week here with H. G. Boehle.

Mr. A. L. Brucks of Verdina was noticed here Saturday.

Mr. Frank Schulte and family of Pleasanton came out Sunday on a visit to relatives and friends here. Mr. Schulte reported his cotton already blooming and that he would have roasting ears very soon, if spared by hail.

Cholera Morbus.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyart, Huntington, Indiana, writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

According to reports, there are some young graduates who begin feeling their oats while they are still full of prunes.

FOR SALE CHEAP: One New Home Sewing Machine. Apply to Ed. Huehner, Castroville, Texas.

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength), for 60 cents at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement in the paper and wrote for a trial package of 'Anuric.' It helped me so much I went to the drug store and bought a supply of Dr. Pierce's medicines. I bought four bottles of the 'Golden Medical Discovery' one package of the 'Anuric Tablets' and a vial of the 'Pleasant Pellets.' The 'Golden Medical Discovery' and the 'Pellets' cured me of bowel trouble, and the 'Anuric' of the kidney trouble."—MRS. MARY JANE FISHER, Route 5.

Our observation is that when a girl has pretty arms she dresses as if she breathed through them.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Old Trailer and Indian Fighter Goes to His Reward.

Mr. Louis Heath, Sr., a native of Walker Co., Texas, aged 76 years, died at the home of his youngest son, James Heath, Jr., four miles north of Devine, Sunday night, after a serious illness of several months.

Deceased came to Medina County and settled on the Hondo river in 1855, later was married to Miss Martha Rebecca Bailey. He was a volunteer in the Confederate war, serving from this county under Captain Charles Montell, a true and fearless soldier. He came here when the Red Men were a terror to the country, and along with such men as Big Foot Wallace, Thomas Gaibreath and others, helped drive the Indians back. He was engaged during his active life in the stock business, in 1872, with his brother-in-law, Wilson Bailey, drove couple thousand head of their own cattle up the trail to Kansas.

Deceased at one time joined the Masons, but only took one degree; he had deep religious convictions, read his Bible and loved the Lord and his fellow man, but never united with any church, there being but few churches or lodges here in his early days. He was an honest upright citizen, reared his sons in the county to be honest upright citizens, his second son, Lou E. Heath of Hondo, being one of the most popular men in Medina County, holding office continuously for many years rarely ever having an opponent, being now County Assessor. Besides this son, are Simon Heath, Jesse Heath and James Heath, prominent farmers of this section, and George Heath, a prominent business man of Dallas, and one daughter, Mrs. Lela Stewart of San Francisco, survives. Besides the children are two sisters, Mrs. Serena Rackley of Devine, and Mrs. Marguerite Scoggins of Hondo, and a brother, James Heath, Sr., of Hondo.

The funeral was very large, conducted by Pastor W. L. Dubose, at the old family burying ground on the Heath farm, near Elstone, this county. Practically all the county officers and many other prominent people from Hondo, Devine and Pearland attended, and all were impressed that a modest, unpretentious, good man has gone to his reward. — Devine News, May 23, 1918.

Sabinal Sentinel Siftings.

Mrs. C. M. Cullins and little Thomas returned last Friday from a visit in Hondo.

Mrs. Kate Jones and nephew, Mrs. J. N. Dowdy and daughter Miss Jennie May, Miss Mary Montel and Mrs. Agnes Armstrong were over from Hondo Sunday afternoon visiting friends.

Mr. Harry Allen went to Hondo last night.

Prof. T. L. Williams went to Hondo yesterday on business connected with the Summer normal.

Miss Lucy Hoag of Uvalde has been visiting her brother Mr. F. A. Hoag, and family the past week.

Mr. A. L. Tampke was down from Utopia Wednesday to bring his daughter, Miss Lela, who went to San Antonio on a visit.

Mrs. H. M. Jones and two children of Fort Davis arrived here last Friday to visit her brother, Mr. F. A. Hoag, and family. She left Monday.

LaCoste Ledger Laconics.

Henry Nentwich brought in a load of honey from his Rio Medina apiary, which he sold at a fair price.

Miss Leontine Rihn and Amos Biediger of Castroville were here Sunday acting sponsors at the baptism of the infant son of Mr. and Mrs. Joe Hans. The names given the little soldier were Edmund Marlin.

Lonis Burrell of Rio Medina had several cars of steers unloaded here Saturday night which we were told he will stock the Noonan pasture with.

The low water concrete bridge at the Biediger crossing on the river road to Castroville was finally repaired this week, so we were told.

The Life Saving Station at the Saus was closed up last week by some permanent injunction order. Some following night some thieves entered the building and stole about a barrel of whiskey besides other valuable liquors.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

Tillie Clinger says the reason she can not stand her present boarding house is because the table is so light that when the fat boarder sneezes he spills the beans.

A Trip to Biry.

The local lodge O. D. H. S. of Biry held last Sunday its regular meeting, and after the routine business as a sick benefit and life insurance society had been disposed of, the members remained at the hall to spend a few hours in social entertainment and in conversation about the prospects of the crop, the Red Cross collection, political news, the welfare of their neighborhood and the news as one or the other knows and reports. Hard work during the week days and guests at night, or a get-together on some Saturday afternoon, or a dance on some Saturday night for the young folks is spice in the monotonous life of the farmers in the sand hills of that section. These people manage to be on time in church and go refreshed to work Monday morning. Guests from Hondo, New Fountain, Quihi and Dunlay and other places had crossed the Hondo bridge to mingle with the boys over there. Mr. Bihartz, the owner of the hall, always wears a smile greeting visitors, and after leaving, before sun-set, they enjoyed the trip again homeward as the cool breeze was refreshing the crops after the hot sun shine of the day. A good rain would do wonders, the fields are free of weeds now and oats ready to be mowed.

A cotton gin and a general merchandise store, and a beautiful school building show evidence of an industrious set of people around Biry, while the hall of the lodge, the Biry Gun Club and Schott's Orchestra are institutions for amusement.

NOTICE.

Enforcement officers throughout the State, police departments, sheriffs and constables are respectfully requested to make complaints against the owners or drivers of all automobiles on the highways who do not show the seal for 1918 and number plates as provided by law. Every automobile owner using the high ways without displaying the 1918 seal and number plates is a delinquent and is violating the law and is subject to the penalties imposed by the law.

Yours truly,

J. F. BADER, Sheriff.

Devine News Items.

Prof. T. C. Hickman of Yancey was in Devine Saturday having some work done on his car. The Yancey school will close in a few days. We understand that Prof. DeWald, formerly of Devine, has been elected principal of that school to succeed Mr. Hickman, resigned.

Earl and Joe Rackley of Pearland attended the funeral of their uncle Monday, near Hondo, and stopped at Devine on their return.

Miss Naomi Griffin is home from teaching the Redus or Lower Hondo school.

Whooping Cough.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes: "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm."

As a general thing, when a man saws wood and says nothing it is a sign that he has a capable wife.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. For sale by all dealers.

Another good thing about a wooden leg is that it doesn't hurt when it bumps its shin.

Has a Good Opinion of Chamberlain's Tablets.

"Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes F. B. Tressey, Richmond, Ky. When troubled with indigestion or constipation give them a trial.

The PERUNA Family

has three members you should know if you don't enjoy life.

1. The popular Liquid form of Peruna—the tonic of the American household, with a long history of curing all common ailments.
2. The tablet form, which is made after the formula and is more convenient for many.
3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome, natural action restored. Manalin is a habit forming drug, but is so mild that thousands have received benefit from its use of one or both these remedies. It is a recognized part of the equipment of every careful home.

Notice, Aliens.

The registration of German Alien Females is fixed in this judicial district to commence at six o'clock A. M. on Monday, June 17, 1918, and continue on each day successively thereafter, except Sunday, June 23, 1918, between the hours of six A. M. and eight P. M. up to and including Wednesday, the 26th day of June, 1918, at eight o'clock P. M.

All natives, citizens, denizens, or subjects of the German Empire, or of the Imperial German Government, being Females of the age of 14 years and upwards, now within the United States and not actually naturalized as American citizens, are required to register as German Alien Females.

In cities which had by the Federal Census of 1910 a population of 5,000 or over, the registration will take place in the Police Stations, and in such cities all persons required to register residing within the city limits must register at the office of the Chief of Police. In all other communities the registration will take place in the post-offices, and each registrant must register in the postoffice from which she receives her mail.

Each person when registering must furnish four unmounted photographs, not larger than 3x3 inches in size, on thin paper, with light background. These photographs must be of the shoulders and full face of the registrant, without hat or head covering.

Registration affidavits and forms furnished the registration by the United States Marshal District at Austin, Texas.

All persons required to register warned that failure to complete registration within the time fixed here makes them liable to arrest, imprisonment, and detention for the war, and to other penalties, and any person in doubt whether she should register should present herself before the registration officer and determine whether or not she should register.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. It is usually accompanied by constipation and is aggravated by indigestion. Chamberlain's Tablets cause a movement of the bowels, relieve indigestion, and are also most efficacious. Sold everywhere.

Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tonic

Your druggist gives back your money if it doesn't live your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your system. Take a dose of nasty calomel and you will feel weak and nauseated tomorrow. Do your work. Take a dose of Dodson's Liver Tonic and you will wake up feeling more biliousness, constipation, gishness, headache, coated sour stomach. Your druggist you don't find Dodson's acts better than anything else. Your money is waiting for you.

H. Rothe of Hondo has achieved the
distinction of being the best drilled
cadet in Company D of the cadet corps
at A. and M. College, having won that
distinction in a competitive drill. Rothe
is an excellent student and a fine base-
ball player, having held down first base
in splendid fashion on the College team
the past season. His entire record at
A. and M. is good.

The wrestling match between our
home Hercules boy, Melvin Tampke,
and "Masked Marvel", a handsome
young man with muscles of steel and
very quick in movements, came off last
Saturday at the stage of the "Air-
dome." The first round lasted 47 min-
utes and was most exciting, as both
wrestlers when in danger of being de-
feated, made the strongest efforts to
quickly change such position and there-
by get the other man in danger of be-
ing thrown. They were so twisted up
with arms and legs that it was difficult
to distinguish the owner of the limbs.
Still Melvin's rival managed to keep
the mask over his face. They were
both lying on the ground most of the
time without resting in their efforts.
After over 2 of an hour the Masked
Marvel touched the ground with both
shoulders and was declared defeated.
15 minutes rest. Then the second pas-
sado started and was just as exciting
as the first. It was finished in about
10 minutes and Melvin Tampke declared
victor again. An army officer watched
the game as judge. In an address to
the public he emphasized the necessity
of sport and amusement of soldiers.
He also announced that the two wrest-
lers had enlisted in the army and their
special service will be to entertain the
soldiers of the different camps with
productions of muscle power.

Look at the tongue, mother! If
coated, your little one's stomach, liver
and bowels need cleansing at once.
When peevish, cross, listless, doesn't
sleep, eat or act naturally, or is fever-
ish, stomach sour, breath bad; has sore
throat, diarrhea, full of cold, give a
teaspoonful of "California Syrup of
Figs," and in a few hours all the foul,
constipated waste, undigested food and
sour bile gently moves out of its little
bowels without griping, and you have a
well, playful child again. Ask your
druggist for a bottle of "California
Syrup of Figs," which contains full
directions for babies, children of all ages
and for grown-ups.

YES! LIFT A CORN
OFF WITHOUT PAIN!
Cincinnati authority tells how to dry
up a corn or callus so it lifts
off with fingers.
You corn-pestered men and women
need suffer no longer. Wear the shoes
that nearly killed you before, says this
Cincinnati authority, because a few
drops of freezeone applied directly on a
tender, aching corn or callus, stops sore-
ness at once and soon the corn or
hardened callus loosens so it can be
lifted out, root and all, without pain.
A small bottle of freezeone costs very
little at any drug store, but will posi-
tively take off every hard or soft
corn or callus. This should be tried,
as it is inexpensive and is said not to
irritate the surrounding skin.
If your druggist hasn't any freezeone
tell him to get a small bottle for you
from his wholesale drug house. It is
fine stuff and acts like a charm every
time.

Take Care of Your Tires

America's greatest need is for ships—more ships.

Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty. The number now left to bring rubber to this country is extremely limited.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

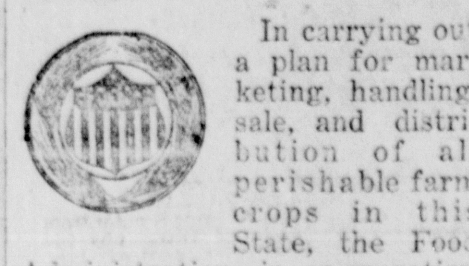

Only in that way can you be assured of your car's continuous service—and remember, your tire is a vital war-time necessity.

So again,
—take care of your tires.

REGULATIONS ON HANDLING PERISHABLE PRODUCTS

In carrying out a plan for marketing, handling, sale, and distribution of all perishable farm crops in this State, the Food Administration, in co-operation with the Bureau of Markets of the United States Department of Agriculture, the Bureau of Markets of the Texas Department of Agriculture, and the Western Weighing and Inspection Bureau, desires to call the attention of dealers, handlers and shippers of perishable farm products to the necessity of conforming to certain rules and regulations which are necessary to be enforced in minimizing the losses which have heretofore been sustained in handling perishable products.

Dealers and handlers of perishable products are expected to observe the laws, rules and regulations of the Bureau of Markets of the United States Department of Agriculture and of the Texas State Department of Agriculture, regarding grading and packing, and the instructions in bracing and loading in cars of all perishable products, unless exceptions are authorized by the Federal Food Administrator.

Dealers and handlers of perishable farm products at point of origin are required to refuse to handle culls and inferior products when loaded in cars containing superior and standardized products, as these commodities should not cumber our transportation facilities, and thus deprive superior and standardized products of the opportunity of arriving in the market in first-class condition.

All cars of perishable farm products are to be loaded under the directions and instructions of the Western Weighing and Inspection Bureau, and the inspectors of the Bureau of Markets of the State Department of Agriculture are instructed to withhold the issuing of certificates, setting forth grades of the products loaded, until he has satisfied himself that the car of produce certified to has been loaded according to the directions and instructions of the Western Weighing and Inspection Bureau; and when the inspector of the Bureau of Markets of the State Department of Agriculture issues a certificate, setting forth grade and standard of the commodities to be shipped, this certificate shall be accepted by the consignor and consignee as prima facie evidence of proper grade and quality at the time of loading.

All licensed dealers and handlers of perishable farm products of this State are expected to co-operate with the Federal Food Administrator in the compliance and enforcement of the above rules and regulations.

It is not the purpose of the above regulations to prevent the shipment of cull fruits or vegetables, but when shipped they must be shipped in separate consignments. E. A. PEDEN, Federal Food Administrator for Texas.

BLUSH OF PEACH HAS ATTENTION BY FOOD FOLK

Not that the Federal Food Administration loves potatoes and onions less, but because it loves peaches more, has the administration turned for the moment its eyes from the eyes of the potatoes to the blush of the peach, the glow of the plum and the fascinating watermelon. As Texas well knows, the East Texas peach crop is usually a "bumdinger." With cans high as airplanes, sugar not to be had for the mere asking, labels soaring with the price for shipbuilding labor, there is no great assurance that easy-going flat-living, tin-can habited Texans are going to have all the manufactured fruits they want for the winter of 1918 unless they do a bit of planning in advance.

Administrator Peden hopes, and having the potato harvest and the onion harvest as a pretty good precedent, to help move the peach and the plum and the watermelon and other fruit and vegetable crops, so quick and fast that none will be lost; and to this end he urges that all grocery stores, meat markets, confectionery parlors, department stores and, in some places, drug stores arrange to carry at their entrances stocks of new fruits and vegetables.

The Federal Food Administration for Texas receives daily reports of all shipments of fruits and vegetables and will be glad, through the perishable division, to give individuals, firms or communities information concerning points offering carloads for sale.
